**Storage:** At +5...+20 °C, relative humidity up to 85%

**Region:** Codru

**Vineyard:** Leușeni, Telenești district

**Energy (100 ml):** 117 kJ / 28 kcal

**Name:** The name joins the Old English words “Lif” and “Win”, which mean life and wine.

**The label:** LifWin brings together the alcohol-free wines of the Doina Vin winery. The label recalls that for centuries wine was preferred to water to quench thirst and that people chose lighter, low-alcohol wines; today LifWin takes up this tradition with an alcohol-free recipe that keeps the essence of wine. On the LifWin Merlot label, the name of the grape is accompanied by a drawing of an old vine trunk with leaves and tendrils.
