WINE BRANDS

Founded in 1875 by the Polish boyar family Deminovich, we've spent nearly 150 years perfecting the art of Moldovan winemaking. Our estate combines century-old French oak barrel cellars with state-of-the-art technology. Every bottle tells a story of tradition meeting innovation.

Located in the heart of Ialoveni, just 30 km from Chişinău, our winery sits atop ancient limestone cellars that maintain perfect aging conditions year-round. We cultivate over 20 grape varieties across our vineyards, from international classics like Cabernet and Merlot to indigenous treasures like Fetească Neagră and Viorica. Our portfolio spans from zero-alcohol innovations to award-winning premium reserves, serving partners across Europe, Asia, and North America.

LIFWIN

ALL THE WINE, NONE OF THE COMPROMISE

Who said you have to choose? LIFWIN is the future — real wine, real grapes, real winemaking, zero alcohol. Our proprietary vacuum distillation technology gently removes alcohol at low temperatures, preserving every nuance, every aroma, every memory of the vineyard. Pregnant? Driving? Health-focused? Training for a marathon? Now you can raise a glass at every celebration without sitting on the sidelines. This isn't 'non-alcoholic wine.' This is wine, reimagined.

BALSAM DE GALITIA

FIVE GENERATIONS OF SECRET RECIPES

In 1875, the Deminovich family began crafting herbal elixirs in copper stills, guarding recipes like crown jewels. Today, BALSAM DE GALITIA continues this mystical tradition — botanicals hand-gathered from Moldovan forests, honey from mountain apiaries, roots with healing properties known only to our master blenders. These aren't mere digestifs; they're liquid heritage, each sip connecting you to five generations of craft. The secret is in the recipe. The magic is in every drop.

Traminer's exotic florals, Muscat's honeyed embrace, the Cab-Merlot's berry compote — each sip is permission to slow down, savor, and celebrate sweetness itself. Life is short. Dessert first.
